Those students who do not meet either attendance or academic progress standards are notified, in person and in writing, that they will have a scheduled consultation with a school official. At the time of the consultation, the student will be advised that their unsatisfactory progress impacts their eligibility for financial aid and the student is then placed on probation.

Students are granted one probation period which shall run till the next scheduled evaluation period. A student failing to obtain SAP at each evaluation point is no longer eligible for Title IV, HEA program funds, may be terminated or continue as a cash pay student, unless the student has prevailed upon appeal of the determination that has resulted in the status of probation.

A. Leaves of absence (as outlined in policy manual) will have no effect on satisfactory progress. No financial aid money will be disbursed while the student is on leave of absence.

C. Students who were in satisfactory progress before their leave shall have financial aid eligibility reestablished upon their return date from leave of absence.

D. Students who were in unsatisfactory progress prior to their leave will have satisfactory progress determined at the next evaluation period after they have returned.

E. A leave of absence will extend the student contract period and maximum time frame by the same number of days in the leave of absence.

Any student who re-enrolls after being withdrawn for purposes of unsatisfactory progress may re-enroll after a minimum time lapse of 1 month. 4. E. Re-establishment of Satisfactory Academic Progress

Students who disagree or wish to appeal a Satisfactory Progress determination shall notify the School Director in writing, including any documentation that may explain why the student failed to make satisfactory academic progress and what has changed in the student's situation that will allow the achievement of satisfactory academic progress at the next evaluation. Within 5 business days a meeting shall be conducted between the School Director, the student and a neutral third party agreed upon by the student and director. Should a student prevail during a Satisfactory Progress grievance, after showing just cause, the student will be reinstated to a satisfactory progress status and financial assistance eligibility re-instated.

A. Students may re-establish satisfactory academic progress and continue receiving Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the next payment period. If the student does not re-establish satisfactory academic progress at that next evaluation period they will lose Title IV aid, will become a cash pay student, and may be terminated from their program.

B. The student may petition the school and appeal their case for not maintaining satisfactory progress. The reason for which a student may appeal are death of a relative, an injury or illness of the student, or other special circumstances.
